

RESOURCE MANAGEMENT

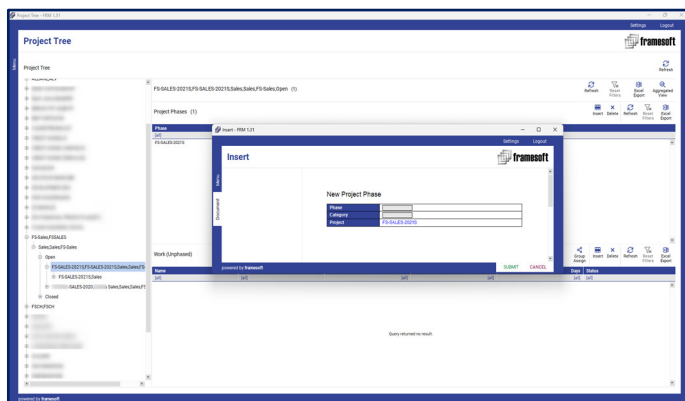

Efficient & effective resource deployment

Framesoft Resource Management (FRM) is a comprehensive solution for the efficient & effective deployment of the organization's resources. FRM supports the configuration of organization-specific workflow & approval processes. These guarantee the optimal allocation of resources across the organization & its activities.

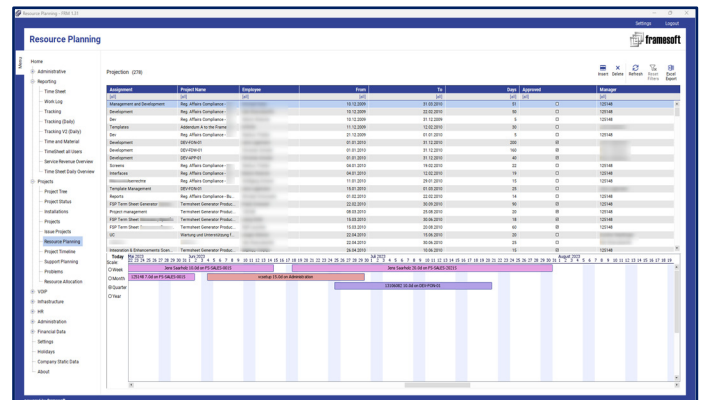

Resources are an organization's most asset and potentially its biggest expense. Proper management and optimal use of resources is the key for an organization to realize its business strategy. With intelligent resource management, an organization can develop and retain a world-class workforce.

Framesoft's product & services portfolio is strongly focusing on the financial services industry and covers the complete life cycle of a software solution, ranging from supporting the early conceptual application design stages, to the delivery and integration of our applications into the client's infrastructure.

Framesoft is also offering application support including

- 1st / 2nd / 3rd level production support
- business and
- user support.

Additionally, Framesoft offers to run its applications as ASP service based on its advanced cloud infrastructure in Switzerland.

Framesoft was founded in 1996 with the goal to create technology solutions for innovative, fast-growing areas within the financial services industry. Framesoft solutions are built on a foundation of core modules (Frameworks) enabling rapid application development mainly based on configuration to meet the ever-evolving needs in these markets.

Framesoft's mission is to maximize the benefits of external technology provision for our clients, by applying the Framesoft Framework strategy.

Framesoft's unique selling proposition is the support of complete value chains including areas typically conducted by means of unstructured tools such as paper, e-Mail, facsimile or telephone.

Customers using Framesoft solutions

- achieve a high degree of **Straight through Processing (STP)**,
- avoid typical **operational risks** associated with manual interventions,
- gain **control** over complex business processes,
- increase Business **Process Efficiency & Transparency**,
- cut **Time-to-Market**,
- reduce **Legal & Credit Risk**

Framesoft's headquarter is located in Zug, Switzerland and Framesoft runs subsidiaries with offices in

- Europe
 - ✓ Switzerland
 - ✓ Germany
 - ✓ United Kingdom
- North America
- Asia
